

Hello GHS Student Athletes,

If you are considering playing sports in college, you must be aware of eligibility requirements. NCAA and NAIA both have specific requirements for high school academics. If you do not meet these requirements, then you are not eligible to play in college.

Please be aware of:

- Course requirements (not all GHS courses meet requirements)
- Virtual lab/Odysseyware courses are NOT accepted
- Grade Point Average (GPA) requirements are for required courses as designated by the organization and are NOT your cumulative high school gpa

You must register with NCAA and/or NAIA eligibility centers and meet requirements in order to be eligible.

For NAIA, go to: [NAIA](#)

For NCAA, go to: [NCAA](#)

If you have questions regarding this information, please see your counselor or Mr. Linhart, GHS Athletic Director. Your GHS coaches would also be good resources for general information regarding college athletics.

Thank you,
GHS Counselors
